If you think your ex-husband is a lying, cheating, scamming, con artist with no conscience and no soul, you're entitled to your opinion. But posting warnings about him on the Web amounts to cyberstalking, a Florida judge has ruled.

The case could have widespread ramifications for bloggers like Donna Andersen, of Atlantic City, whose Web site, [www.lovefraud.com](http://www.lovefraud.com), dedicated to "teaching the public to recognize and avoid sociopaths," contains profiles of several scamming, lying and occasionally murderous spouses whom Andersen believes are sociopaths, including her ex-husband.
